

Dear Colleagues:

State Education Commissioner John King's dictatorial tactics are blocking millions in federal School Improvement Grants from reaching local schools and depriving some of our neediest students of tutoring, AP classes, and other help they need to succeed in school. As advocates for students, we urge you to stand up on behalf of our children.

E-mail the state Board of Regents today and urge them to do what's right. They must tell Commissioner King and the State Education Department to stop playing political games and fund the educational support our students need and deserve.

Act now. [Send your e-mail to the Board of Regents](#)

Thank you.
