

# The Accomplished Teaching Series

*Providing facilitators with the tools to engage educators in the systematic study of accomplished teaching and improvement of instructional practice.*

This program is designed to train facilitators' on the research based materials utilized in the Accomplished Teaching Series including the National Board certificate area standards, 5 Core Propositions and Architecture of Accomplished Teaching. This training will provide rich, deep, collaborative conversations; resources to foster the professional exploration of a common language around accomplished practice; and the exploration of high quality materials that can be brought back to any district and tailored to meet their teachers' contextual need.

*"The wealth of information and an opportunity to try it out with support was so helpful"*  
~ Teacher Leader

*"Thanks for a great 2 days of stretching my mind and resources!"*  
~ Teacher Center Director
