## ARTICLE IX

### PROFESSIONAL IMPROVEMENT

#### A. Career Training

It is recognized that the unit members are an integral part of the classroom team and provide a significant value to the success of our programs. It is our firm belief that professional development results in a demonstrated increase in knowledge and understanding, skillfulness and increased professional values. Enhanced teaching and learning is the foundation upon which individuals and our BOCES plan the content of all professional development. These activities should clearly connect to the NYS Learning Standards and be responsive to student achievement.

It is critical that the unit members be aware of the range of issues in particular classroom settings and can contribute to the overall function of that unit. Once the team has this foundation and support for each other, the students will benefit the most from our efforts. We want to assure the delivery of high quality programs and services by attending to individual needs for growth and performance improvement of all unit members.

- The Board and the Association agree that a subcommittee of the BOCES' Professional Development Plan (PDP) committee will be used to further develop the Career Training Program. In a collaborative effort, the subcommittee shall be comprised of an equal number of representatives designated by the TA Chapter Vice-President of the Faculty Association and the District Superintendent.

The subcommittee will work to develop guidelines that are intended to assist all Teaching Assistants in identifying professional development activities as they comply with NYS Education Department certification requirements that require continuing professional development.

- All Teaching Assistants are required to successfully complete in-service instruction as outlined in the BOCES Professional Development Plan. Per the Collective Bargaining Agreement, the BOCES shall provide in-service opportunities as it may deem advisable for Teaching Assistants at its expense, and such instruction shall be conducted during the Teaching Assistant's workday.

The subcommittee guidelines and opportunities shall include, but not be limited to the following:

1. Mandatory orientation session for new employees
2. Required in-service training as required by the State Education Department or by the Division Director (i.e. Child Abuse Training and Violence Prevention/Project SAVE)
3. Optional in-serve training (i.e. as laid out in the PDP plan of 2004 - i.e. workshops)
4. Onsite college level courses
5. Partial tuition reimbursement for pre-approved college level courses. A unit member will become eligible after having completed two years of service. A limit per person to be applied to the cost of

tuition shall be recommended annually by the subcommittee subject to the approval of the Division Director.

- Unit members attending in-service training held outside their normal workday will be compensated for up to a maximum of 15 hours per school year at their regular hourly rate. In addition, with prior written approval by the appropriate principal, unit members will be compensated up to an additional 15 hours for optional in-service training per school year for a total of 30 hours.
- Following the adoption of the BOCES budget each year, an allocation will be determined and the District Superintendent will advise the subcommittee accordingly by June 1. Since funding for these courses comes from the divisions, directors would have to be consulted regarding the availability of funding each year that could support the professional development activities.
- In addition a reception shall be held at the end of each school year to recognize the professional development achievements of unit members.

## **ARTICLE X**

### **RETIREMENT**

BOCES shall provide career retirement plan benefits for Tier I and Tier II employee's pursuant to Section 75-i of the Retirement and Social Security Law.

## **ARTICLE XI**

### **DURATION**

This Agreement shall cover the period from July 1, 2020 to June 30, 2025.

The parties have reviewed all prior MOA's relating to this bargaining unit and, where agreed, incorporated relevant language into this 2020-2025 collective bargaining agreement. Any prior MOA not included was determined by the parties to be for individual circumstances/members or agreed to be null and void. Thus, this collective bargaining agreement reflects all applicable language as of the date of its execution.
